

## **“Teacher Reflection” Webinar**

The value of reflection for teacher learning and development has been well recognized. The aim of this webinar is to introduce participants to different forms of reflection in physical education teaching and coaching. The basic questions that we are going to work on during the webinar are:

- What do we understand as reflection within GBAs?
- How can I reflect in and about teaching/coaching? and
- How can reflection help the teaching and learning process?

The goals of the workshop are to:

- Establish and sustain a community interest in reflection for learning and teaching.
- Engage in conversations about reflection best practices and practical ideas.
- Supporting scholarly knowledge and work on reflection in GBAs
- Support community building and professional development through GBA reflection activities.

**Dr. Aspasia Dania** (PhD), is an Assistant Professor at the School of Physical Education and Sport Science, National and Kapodistrian University of Athens, Greece. She lectures on "Teaching in Physical Education with a focus on Pedagogy" at an undergraduate and post graduate level. She has many publications in peer-reviewed journals and edited books and presentations in many national and international Physical Education conferences. Her research interests focus on Physical Education Teacher Education, game-based learning, professional development of teachers and coaches, qualitative research methods, and curriculum planning, all with a focus on social justice.
