## based teaching + coaching

THE UNIVERSITY OF AUCKLAND  
NEW ZEALAND

8-11 DECEMBER 2024

This international four-day conference will delve deep into the innovative strategies, technologies, and methodologies that harness the intrinsic power of the games-based approach to enhance learning, skill development, and games education. Our programme features a diverse array of speakers, interactive workshops, panel discussions, and research presentations, offering you opportunities to explore the latest trends, share insights, and network with like-minded professionals.
